

United Way
Alberta Northwest

Change starts here...Are you in?

United Way Week

October 24th - Oct 30th, 2016

\$100,000

Celebrating the impact of the United Way in our communities

United Way Alberta Northwest has set a goal to raise \$100,000 in one week by reaching out to donors.

We are asking businesses to help bring awareness to the 29 Community Partners and 30 Programs that receive support in the Alberta Northwest Region. Help raise funds that will stay in the community and that contribute to support for healthy communities, aid in reducing poverty and helping children be all that they can be

The process is simple, we have a registration form for you to complete and a package designed to assist you in participating in United Way Week.

There are so many options for your business to get involved:

Donate a portion of your sales that week or donate proceeds from a specific item or service!

Competitions & or Challenges, Fun Tournaments, "I'm dressed this way for the United Way", Bake Sales/Chili Cook off

What about hosting a bar-b-que or a pancake breakfast, or any other special event, we can help find your way to support the United Way!
